Essential Exterior Timber Design Seminar

This free seminar will explore how timber may be used in exterior applications. Presentations include award winning project in the 2013 Australian Timber Design Awards (ATDA) as well as experts on exterior timber finishes, timber windows, timber preservation for external applications, timber cladding and decking.

The seminar is a must for design professionals specifying timber in external applications including architects, landscape architects, building designers, engineers, building certifiers and other building and design professionals.

PROGRAMME

Case Studies – Palm Beach & Plywood House

Andrew Burges - Principal, Andrew Burges Architects

Timber finishes for exterior applications

Tim Ford, Intergrain / Cabot's Premium Woodcare

Timber and wood product cladding - selection and design incl. BCA 2014 changes

Stephen Mitchell, Timber Development Association

Bushfire BAL—29 compliant western red cedar windows

Bronwyn Foord, WADIC

Preservative treatment for external timber

Nick Livanes, Osmose Australia

Close to ground timber decks – new design and construction guidance

Stephen Mitchell, Timber Development Association

Brought to you by:

DATES

Sydney	Tuesday 25 th February
Parramatta	Wednesday 26 th February
Canberra	Thursday 27 th February

VENUES

See overleaf

TIME

1.10 pm for 1.30 to 5.00 pm

CPD

Certificates of attendance available for all participants. Formal CPD available for architects.

COST

There is no cost for design or building professionals

THE SPEAKERS

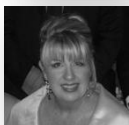

Andrew Burges - *Principal, Andrew Burges Architects*

Andrew established Andrew Burges Architecture in 2001. Over the past ten years the practice has grown to a core team of five staff members working on projects of varying scales across Sydney. Andrew's practice won the Best Use of Timber for Cladding Award in the 2013 Australian Timber Design Awards for Palm Beach House.

Anthony Privitelli – *Intergrain & Cabot's Premium Woodcare*

Cabot's manufacture a comprehensive range of timber stains, varnishes, clear finishes, oils, paints and polishes for the protection and beautification of timber. Anthony is an engineer with 11 years experience within the coatings industry.

Bronwyn Foord – *WADIC (Windows and Doors Industry Council)*

WADIC's role is to assist members in compliance with relevant Australian Standards and codes by the provision of technical and promotional advice.

Nick Livanes – *Osmose Australia*

Nick is a structural engineer specialising in the application of timber in construction. He also sits on several Australian Standards committees for timber construction, grading and termite management.

Stephen Mitchell - *Technical & Environment, Timber Development Association & WoodSolutions NSW & ACT*

Stephen has been with the timber industry for 8 years and undertakes a variety of environmental and technical projects as well as provides technical education for building material specifiers.
